

# Workshop Data Stewardship

## 5-minute pitch

Date: 01 DEC 2017

10.30 hrs -11.15 hrs	<b>5-minute pitch: Data Stewards are working from various focal points. Their role can be advisory, analytical, or focusing on project management, faculty support etc. In this session four stewards will enlighten their specific role.</b>	
	Advisor (Delft University)	<i>Jasper van Dijck</i>
	Data Manager UMC (Radboud UMC)	<i>Mirjam Brullemans</i>
	Manager Projects (University Utrecht)	<i>Frans de Liagre Bohll</i>
	Data Manager Research Institute (Radboud University)	<i>Rob Gommans</i>

### QUESTIONS TO ASK THE PANELISTS

1. Can you describe your day, what does your day look like? What do you usually do on a normal day?
2. Who do you think your target audience is? And how do you think you can best support your target audience?
3. What do you think currently is the largest challenge in your organisation when it comes to data stewardship?
4. What do you think you need to tackle this challenge?
5. QUESTIONS FROM THE PUBLIC
6. RESERVE QUESTION: what do you think data stewardship will look like in 5-10 years time?
